

Getting Started with CNA

Follow the steps below for account setup!

STEP 1

Go to cna.clarknationalaccounts.com/accounts/login and click “Register.” Then click “My brand has an existing Partnership with Clark National Accounts.”

STEP 2

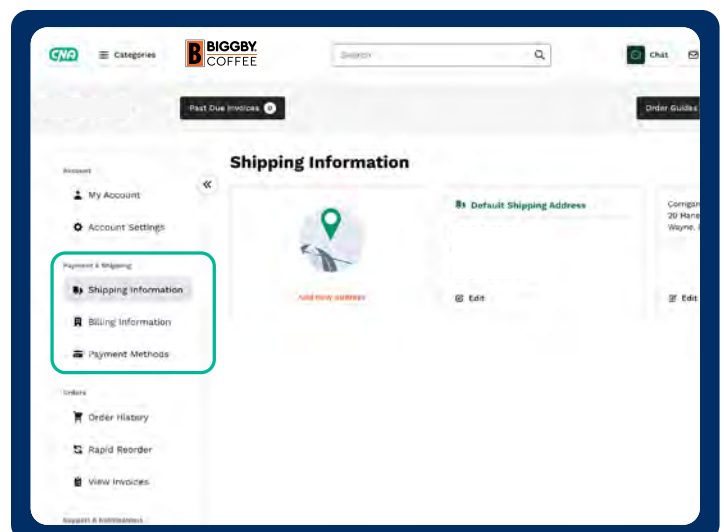

Fill out the form fields with all of the required information. Click “Submit Request.”

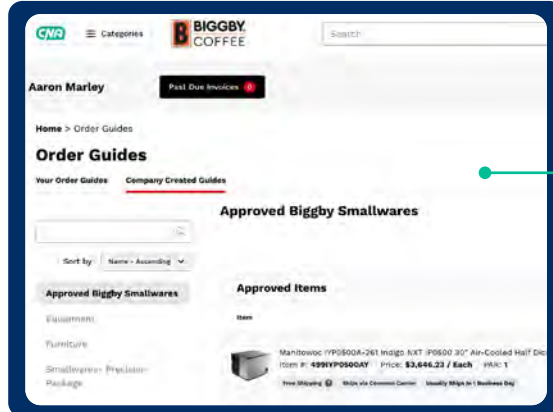

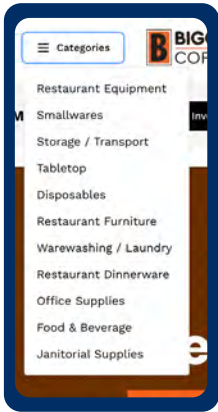

Once your request is submitted, you will receive a Setup Password email within 24-48 hours.

STEP 3

Once you set up your password and are logged in, go to “My Account” in the top right corner to add your Shipping & Billing Information as well as your Payment Methods.

Approved payment methods include credit card and ACH.

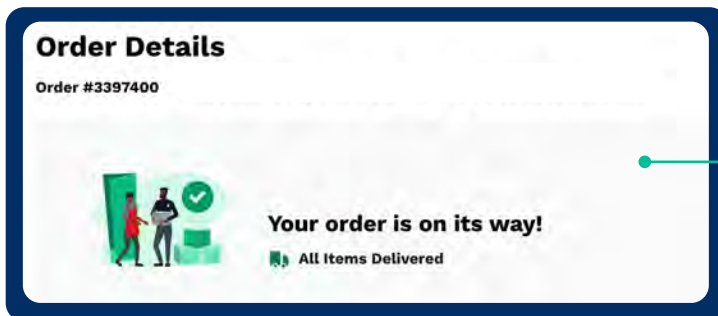

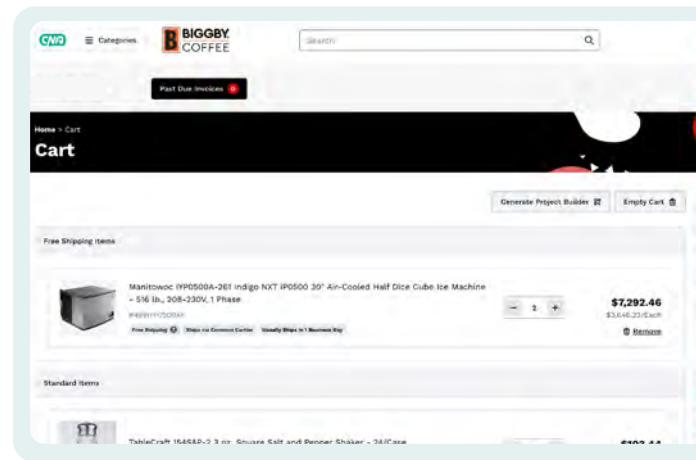

STEP 4

Shop your approved Biggby items through curated categories, a comprehensive order guide, or our intuitive search bar.

STEP 5

Once items are added to your cart, review your cart, make changes, and preview your freight charge. CNA has 20 DC's across the U.S. and can ship to you in as little as 1-2 business days. Orders may be split into separate shipments, but you will never be charged for this and will receive order updates and tracking notifications directly to your email address.

STEP 6

Once your order is confirmed, you can view order updates, tracking information, and invoices directly on the platform.
